Porte a Soffietto

collezione 2006

Telaio porta a soffietto

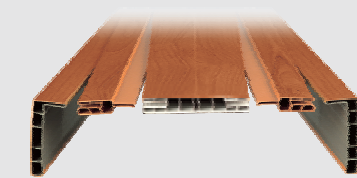

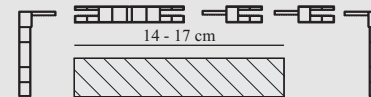

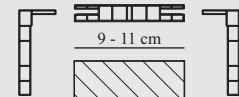

MODULO

Telaio in pvc regolabile per porta a soffietto, composto da tre elementi che si accoppiano tra di loro ad incastro. A seconda della larghezza, può essere corredato da un ulteriore elemento compensatore che effettua un allargamento pari a 3 cm.

Il telaio viene fornito in kit negli stessi colori delle porte in pvc pastello o stampate.

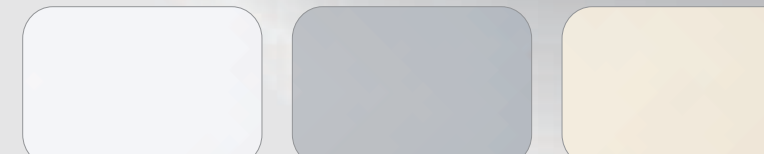

Pvc regulating frame for folding door, composed of three wedged components. The frame, depending on the width of the jamb, could be equipped with another enlarging component which gives a 3 cm of extent more. The frame is supplied in kit and in the same available colours as the doors, pastel or printed Pvc.

Cadre en Pvc réglable pour porte accordéon, composé de trois composants emboîtés. Le cadre, selon la largeur du montant, peut être équipé d'un composant compensateur en plus qui permet un élargissement de 3 cm. Le cadre est fourni en kit et dans le mêmes couleurs des portes en Pvc, c'est à dire pastels et imprimés.
